

BUSINESS ADMINISTRATION - ACCOUNTING (ACBU)

Ontario College Advanced Diploma | 6 semesters | Barrydowne

In Cambrian's advanced program, you'll benefit from hands-on training in the latest industry software, a placement opportunity, multiple pathways to degree programs, and credits that can be used towards a professional designation.

The Business Administration – Accounting program blends traditional lectures with interactive student discussions, formal presentations, individual work, and practical case studies that model the real business world. The program balances an intense focus on accounting with a broad education in other areas of business by combining courses in financial accounting, managerial skills, finance, cost accounting systems, auditing, computerized accounting, and personal and corporate income taxation. A placement in semester six provides additional hands-on experience and opportunities for networking.

This program has been designed to prepare students who want direct entry into the workforce and/or obtain advanced standing into professional accounting programs such as the Advanced Certificate in Accounting and Finance (ACAF) or the Certified Aboriginal Financial Manager (CAFM) designation. In order to obtain advanced standing in the credits for the ACAF certificate or the CAFM designation, students must achieve a 60% average or more in certain courses and an overall average of 65% in the program.

Program Highlights

- 3 years – 6 semesters
- Field placement in semester 6
- Hands-on training in the latest accounting software including Sage 50, Profile, and Caseware
- Receive credits towards the Advanced Certificate in Accounting and Finance (ACAF) and/or Certified Aboriginal Financial Management (CAFM) designation
- Agreements with universities allows successful graduates to fast-track through a related degree program
- This is a Northern College's Collaborative Delivery (<https://cambriancollege.ca/northern-colleges-collaboration>) program

Fieldwork/Placement

All Business Administration – Accounting students participate in an unpaid, practical experience in the sixth semester. The placement is arranged by the coordinator of field placement, and students are formally evaluated by their employers. This exposure to the working world enables students to put into practice their recently obtained skills and knowledge.

4D Learning Opportunities

Tax clinic – Each year, students provide tax preparation services free of charge to Cambrian students.
