

# DESIGN AND VISUAL ARTS (ADSP)

## Ontario College Diploma | 4 semesters | Barrydowne

Whether you are a beginner or practicing artist, this program will help you prepare a varied portfolio of work to be used for entry into the art/design industry or into advanced design or fine art diploma/degree programs.

In the first year of the program, you will experiment with a diverse cross-section of style and media, including drawing, two- and three-dimensional design, illustration, graphic design, web design, digital photography, and multimedia. This hands-on intensive year allows you to explore a wide range of media, subject, and style to strengthen your creative and artistic talents.

In the second year, you may choose to work in an area of specialization such as drawing/illustration/painting, painting/mixed media, printmaking/mixed media, or digital photography/multimedia, or you may explore the whole range of media opportunities with your work program. You will be guided and mentored throughout these studio courses by practicing artists, as well as working with the gallery coordinator of Open Studio, gearing your personal project-based work towards an end-of-year exhibition.

## Program Delivery

### 2019-2020

This program will be delivered in the following terms:

#### Fall Semester

1. SEMESTER 1 Fall 2019
2. SEMESTER 2 Winter 2020
3. SEMESTER 3 Fall 2020
4. SEMESTER 4 Winter 2021

While we encourage a fall term start, our program is flexible in its delivery, and as there are no prerequisites for any of the Winter Semester courses, we do accept students starting the program in January. A fall start does make for a more homogenous program experience though, and it is recommended.

For specific term start/end dates and other key dates/deadlines, please see the Academic Schedule (<http://cambriancollege.ca/apply/how-to-apply/academic-schedule>) on our website.

Note: The Program provides a number of tools and materials to encourage media exploration, so students on a tight budget can get by without breaking the bank for supplies. Second year expenses are variable depending on the student's chosen area of study, but costs are tied to a student's own decisions regarding choice of materials and processes they wish to explore, and so, may be managed in relation to their personal financial considerations.
