

I.T. BUSINESS ANALYSIS (BAGC)

Ontario College Graduate Certificate | 3 semesters | Barrydowne

Enhance your IT and business analysis skills, and be prepared to take advantage of career opportunities.

This intensive program is designed to meet industry demand for IT business analysts and will give you the skills and techniques to create and manage organizational process change. You will gain a solid understanding of how to gather, document, and communicate stakeholder requirements and how to recommend solutions, evaluate solutions, and provide quality assurance.

Beyond the BA body of knowledge you will also take courses to build skills in data modelling, business intelligence, project management, and budgeting for capital projects. The program ends with an eight-week placement in the third semester.

Program Highlights

- 1 year – 3 semesters
- 8-week placement
- Take courses in-class and/or online

Fieldwork/Placement

An unpaid 8-week field placement in the third semester is part of the program of study.
