

CARPENTRY RENOVATION TECHNIQUES (CRTQ)

Ontario College Certificate | 3 semesters | Barrydowne

In just 36 weeks, you will gain the skills necessary to enter the construction and renovation sector. You will develop practical construction skills through hands-on activities while also gaining a basic understanding of how to plan, estimate, manage, and deliver a typical renovation project. You will also learn to identify hazardous practices and adhere to safety standards on the job site, emphasizing personal safety and safe environmental practices at all times.

Program Highlights

- 1 year – 3 semesters
- Courses cover many aspects of carpentry and renovation projects, including planning, estimating, building codes, framing, welding, and more
- Hands-on experience in the carpentry shop and through projects
- Safe working practices are emphasized throughout the entire program in all courses
