

DENTAL ASSISTING (LEVELS I & II) (DENA)

Ontario College Certificate | 3 semesters | Barrydowne

Get the skills to launch a career as a Dental Assistant in just one year. In Cambrian's program, you won't just be learning, you'll be doing – and lots of it! You'll start by practicing your skills on mannequins and your classmates in the College's dental clinic. Once you've gained some practical experience, you'll treat real patients in the clinic before completing a placement in a dental office.

This combination of theory and practice will give you the required knowledge and practical experience through a multi-disciplinary approach working with dental hygienists, dentists, and other health care professionals in the clinical environment and in community placements. Clinics and some classroom experiences may include evening scheduling.

Program Highlights

- 1 year – 3 semesters
- 4-week placement
- Graduates are eligible to write the National Dental Assisting Examining Board (NDAEB) examination to become certified as an Intra-oral Dental Assistant with the Ontario Dental Assistants Association (ODAA)
- Continuous hands-on experience through work in the College's dental clinic where you'll provide services to clients such as:
 - Dental examinations
 - Whitening
 - Oral hygiene instruction
 - X-rays
 - Fluoride treatments
 - Pit and fissure sealants
 - Athletic mouth guards

Fieldwork/Placement

Students must complete the in-office practicum as outlined in the program's third semester. Students must be prepared to cover the costs incurred in their 4 week clinical placement whether in town or out of town.

4D Learning Opportunities

Walk for a Smile – Each year, Dental Assisting and Dental Hygiene students raise money and collect dental health products to help support free access to oral health services.

Vietnam adventure – In March 2012, students and professors from the Dental Assisting and Dental Hygiene programs trekked through remote mountain villages in Sapa, Vietnam, to bring oral health education and supplies to children and families. The group visited homes, schools, and an orphanage, handing out thousands of toothbrushes, teaching children how to use them through hands-on demonstrations and songs. The group was recognized by the Canadian Dental Hygienists Association (<http://www.cdha.ca/AM/Template.cfm?Section=Home>) (CDHA) for their outstanding efforts in oral health promotion.

Accreditation

Cambrian's Dental Assisting program is accredited by the Commission on Dental Accreditation of Canada (CDAC).

Certification

For initial licensure/certification, graduates of Cambrian College's Dental Assisting program are eligible to become a candidate for the National Dental Assisting Examining Board (NDAEB) examination. Successful completion of the examination is necessary to be certified as an Intra-oral Dental Assistant with the Ontario Dental Assistants Association (ODAA). It is the responsibility of the graduate to pursue candidacy and certification as well as to cover any associated costs.

Capped Enrolment Quick Links

How to Apply (<http://cambriancollege.ca/apply>)

Health Sciences, Nursing, and Emergency Services (<http://cambriancollege.ca/field-of-study/health-sciences-nursing-emergency-services>)

Admission Requirements

For graduates of the new curriculum (OSS): Ontario Secondary School Diploma (30 credits) or equivalent or mature student status, including:

- Any grade 12 English (C), (U), or (M)
- Any grade 11 or 12 biology (C) or (U)
- Any grade 11 or 12 chemistry (C) or (U)

Please note: A minimum of 60% is required in each prerequisite course.

Recommended:

- computer competency in relevant software

Note: The Pre-Health Sciences Pathway to Advanced Diplomas and Degrees (PHPG) program is the designated preferred preparatory program for admission to Cambrian College's limited enrolment Health Sciences programs. Limited enrolment programs are identified with the detailed program descriptions.

Additional Requirements

- Criminal record check (Vulnerable Sector Screening) as required for placements

Please note: A criminal record is a serious impediment for the completion of program requirements. Many employers and placement agencies insist on a clear record.

The following are required prior to the start of classes:

- Current Basic Cardiac Life Support (Level C with AED or Health Care Provider)
- Immunizations: Hepatitis B, Polio, Tetanus, Diphtheria, Measles, Mumps, Rubella, Varicella, Flu vaccination (when distributed mid- to late fall)
- Appropriate TB test
- Proof of WHMIS training

- Eye examination is strongly recommended

Program Delivery

2018-2019

This program will be delivered in the following terms:

Fall Semester

1. **SEMESTER 1** Fall 2018
2. **SEMESTER 2** Winter 2019
3. **SEMESTER 3** Spring 2019

For specific term start/end dates and other key dates/deadlines, please see the Academic Schedule (<http://cambriancollege.ca/apply/how-to-apply/academic-schedule>) on our website.

Program of Study

Semester 1		Credits
BIO 1170	Anatomy Physiology	2
DEN 1105	Intro to the Dental Assisting Prof.	3
DEN 1120	Microbiology/Embryology	2
DEN 1155	Dental Radiography I	2
DEN 1165	Oral Facial Anatomy	3
DEN 1217	Clinical Practice I	5
DEN 1260	Health Promotion	3
DEN 2235	Radiography II	3
ENG 1215	College Writing II	3
Term Credits:		26
Semester 2		
BIO 1016	Pharmacology	2
DEN 1001	Level 1 Theory and Practice	5
DEN 1002	Clinical Practice II	2
DEN 1042	Clinical Experience I	4
DEN 1043	Technology in Dental Office Mg	2
DEN 1045	Orientation to Dental Assisting Profession	3
DEN 1223	Dental Office Management	2
DEN 1266	Lab Practice and Dental Materials	3
Term Credits:		23
Semester 3		
DEN 1419	Clinical Experience II	6
Term Credits:		6
Total Credits:		55

Fees

Tuition and Ancillary Fees

Please see our fees page (<http://cambriancollege.ca/fees>) for the breakdown of tuition and mandatory ancillary fees by program and semester for both domestic and international students

Books & Supplies

The cost of books and supplies for Year 1 is approximately \$2,500. This is the best information available at the time of publishing to the website and is subject to change.

Graduate Options

Employment Opportunities

Graduates may find employment with:

- Private dental offices
- Clinics
- Hospitals
- Educational institutions
- Public health units
- Dental products manufacturers
- Canadian Forces
