

HEALTH ANALYTICS (HAGC)

Ontario College Graduate Certificate | 3 semesters | Barrydowne

In this program, students will develop an understanding of programming, statistics and foundations of data management within the context of the emerging field of Health Analytics. The knowledge gained will be tested and applied through exercises focusing on critical thinking and problem-solving skills. Students will learn to work as a member of an interdisciplinary health analytics team.

Admission Requirements

Applicants must be graduates of a diploma, advanced diploma, or degree from an Ontario College or equivalent.

Required Courses:

- Any grade 12 mathematics (C) or (U) (MCT4C is highly recommended)

Highly Recommended:

- Proficiency in Microsoft Excel

Students who do not possess the foundational math will need to take the bridging course/s prior to registration.

Applicants whose first language is not English, must provide proof of English proficiency. Cambrian College accepts the TOEFL, or IELTS, or equivalent test to satisfy our English admission requirements.
