

MOTIVE POWER TECHNICIAN - SERVICE AND MANAGEMENT (VMTN)

Ontario College Diploma | 4 semesters | Barrydowne

After an introduction to basic work practices and training on the proper use of hand tools, pneumatic tools, and shop equipment, you will learn how to diagnose and perform quality repairs for the various sub-systems of vehicles, including:

- Computer systems
- Emissions systems
- Braking systems
- Fuel injection systems
- Heating and cooling systems
- Manual and four-wheel drive transmissions
- And more

Courses will be a 50/50 split between hands-on and classroom training.

Special focus will be placed on electrical and electronic components throughout the program while performing diagnostic repairs.

Program Highlights

- 2 year – 4 semesters
- Courses delivered 50% in the classroom and 50% in a shop environment
- Hands-on training in our fully-functioning automotive shop where you'll conduct service repairs on all sub-systems found on today's modern vehicles
- As a graduate, you'll have completed apprenticeship theory levels 1, 2, and 3
- Educational partnership with ConsuLab

Co-op Diploma Apprenticeship Program Option

The Co-op Diploma Apprenticeship program combines a college diploma and apprenticeship training. The placement for this program is an optional co-op and is not required for you to graduate. You can choose to complete your postsecondary program and graduate with a certificate or diploma without participating in the co-op option. However, if you choose, and qualify, to participate in this optional Co-op Diploma Apprenticeship program, you may become a registered apprentice sponsored by your co-op employer. Through your participation in this program, you will have the opportunity to participate in paid co-op placements while earning a college certificate or diploma. Your academic curriculum, which enables you to receive Level 1, Level 2, or Level 3 Trade School completion from the Ministry of Advanced Education and Skills Development after each successful year of schooling, will be enhanced by the experiences from your co-op placements.
