

PURCHASING AND INVENTORY MANAGEMENT ESSENTIALS (BPIM)

This microcredential is currently under development. Please visit this page again soon for the latest updates and availability information. Thank you for your interest.

Students in this program will develop the knowledge and skills to negotiate prices and work out contracts for companies who provide services or manufacture or sell goods.

Students will also learn to research quality, price, reliability, and other important factors in examining potential suppliers, with emphasis on operations and supply chain management practices and processes.

Admissions
