

# DEGREE BREADTH ELECTIVES

SOC 3902	Dimensions of Social Inequality	3
SOC 3904	Social Psychology	3

## Cambrian's Degree Breadth Elective Roster

In order to satisfy the breadth requirements stipulated by the Post Secondary Education Quality Assessment Board, all Degree programs must include degree breadth elective courses. These elective courses are intended to encourage you to explore a broad range of personal and societal topics and to develop self-understanding as well as critical thinking, problem solving and communication skills. The degree breadth electives will help you in your future vocation in that they are intended to help you meet the changing demands of working and living in Canada's ever-changing and diverse society.

Depending on the program, you may need to take a specific number of lower-level and upper-level courses, as well as a combination from the following categories: Humanities, Global Cultures, Sciences and Social Sciences.

See the Program of Study page for breadth elective requirements for your specific degree program.

Students enrolled in a degree program at Cambrian College can choose from the following roster of breadth electives.
