

EARLY CHILDHOOD EDUCATION (ECEP)

Ontario College Diploma | 4 semesters | Barrydowne

As a student in Early Childhood Education at Cambrian College, you will have the opportunity to develop the knowledge and skills necessary for the field of early learning and child care. Your studies will blend the theory of child growth and development with practical application experiences in the field. Through Interactive classroom experiences you will design, plan, implement, and evaluate play-based learning for young children from birth to twelve years of age.

The program will prepare you to work with and support the diverse needs of the children and families you will encounter in your future work. You will build a foundation of understanding that children learn through play. This learning approach combined with a culturally-relevant environment will reflect that children are curious, capable, competent, and rich in potential.

Program Highlights

- 2 years – 4 semesters
- Placement in each semester
- Opportunities for international placements in China
- Community guest speakers and field trips to local agencies
- Practical learning in the mock child care classroom on campus
- Grads are eligible to apply to become Registered Early Childhood Educators (RECE)

Fieldwork/Placement

In each semester, students meeting requirements, will have the opportunity to complete a community placement. Students will be responsible for any expenses incurred related to placement, such as Paramed consultation, transportation, meals, and accommodation.

Agencies will require students to have additional medical and non-medical documents prior to the completion of any community based placement. Paramed will be responsible for the coordination of the required documentation in consultation with the students.

Required documentation includes:

- a vulnerable sector check,
- health documentation (up-to-date immunization, Two-step TB test, freedom from communicable disease)
- Field certifications - Bill 18 requirements

4D Learning Opportunities

Each year, Cambrian College offers a variety of opportunities for students to work across disciplines in exciting community and College endeavors.

In the past, students have been a part of projects like Share a Book where students collect new and gently used books for local health clinics and/or food banks and the Teddy Bear Picnic— where students facilitate activities for young guests at the annual College event raising funds for

pediatric cancer research. Students are encouraged to get involved and make connections while building their skill set.

Registration to Practice – Early Childhood Education Designation

Persons who wish to work within the College of Early Childhood Educator's scope of practice must apply for registration with the College of Early Childhood Educators. A requirement to apply for registration is possession of an Early Childhood Education diploma from an Ontario College of Applied Arts and Technology. It is the responsibility of the graduate to register with the College of Early Childhood Educators.
